Board of Trustees
State University Construction Fund:

We have examined the compliance of the State University Construction Fund (the Fund), a component unit of the State of New York, with the requirements of Section 201.3 of Title Two of the *Official Compilation of Codes, Rules and Regulations of the State of New York* during the fiscal year ended March 31, 2020. Management is responsible for the Fund's compliance with these requirements. Our responsibility is to express an opinion on the Fund's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Fund complied with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination of the Fund's compliance with the specified requirements.

In our opinion, the Fund complied with the requirements of Section 201.3 of Title Two of the *Official Compilation of Codes, Rules, and Regulations of the State of New York* during the year ended March 31, 2020, is fairly stated, in all material respects.

In accordance with *Government Auditing Standards*, we are required to report certain findings of deficiencies in internal control; instances of noncompliance with provisions of laws, or regulations, contracts or grant agreements, and instances of fraud and abuse that are direct and material to the Fund's compliance with the requirements of Section 201.3 of Title Two of the *Official Compilation Codes, Rules, and Regulations of the State of New York* that come to our attention during our examination to express an opinion on whether the Fund complied with the requirements of Section 201.3 of Title Two of the *Official Compilation of Codes, Rules, and Regulations of the State of New York* and not for the purpose of expressing an opinion on the internal control over compliance with those requirements, compliance with the provisions of other laws, regulations, contracts or grant agreements or the other matters referred to above; accordingly, we express no such opinion. The results of our tests disclosed no matters that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely for the information and use of Fund management, the Board of Trustees, and New York State, and does not provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering whether the Fund complied with the specified requirements, in all material respects. Accordingly, this report is not suitable for any other purpose.
