

Natural Gas & Electricity Procurement

BUY SMARTER. SAVE MORE.

Risk Management • Market Intelligence • Invoice Review & Rate Analysis
Strategic Sourcing • Data Management & Analytics

The energy industry is dynamic and continues to evolve as changes in conventional fossil fuels and environmental regulations dramatically shift the generation mix. The StoneX procurement team specializes in helping commercial and industrial users effectively manage energy spend, mitigate risk and achieve the lowest possible utility spend.

OVER 90% OF OUR CLIENTS ACHIEVE SIGNIFICANT SAVINGS ON THEIR ENERGY SPEND WORKING WITH STONEX EXPERTS.

Risk Management

- Strategic hedge planning that considers market opportunities beyond current planning cycle
- Create quantifiable methodologies to dictate hedge strategy including budget, value & time buying
- Commodity price matrices, defining what makes a price cheap or expensive

Market Intelligence

- Proprietary pricing database of over 80,000 points providing objective forward curves
- Actionable insights from brokers and customers who trade the markets
- Customized daily, weekly and monthly market reporting

Invoice Review & Rate Analysis

- Validate client invoices ensuring contracted terms are applied correctly
- Communication with all service providers to resolve any issues
- Detailed tariff analysis in regulated energy markets to ensure optimal rates

Strategic Sourcing

- Development of competitive RFQs to increase price transparency and lower costs
- Negotiate favorable terms and conditions for clients
- Recommendations and facilitation of the contracting processes from start to finish

Data Management & Analytics

- Tracking software KnowRisk Energy™ was developed in-house to keep customers abreast of dynamic markets and impacts to budget
- Provides data in client-customized formats for variance-to-budget, mark-to-market, year-over-year, hedge plan, CO2 & savings reports
- Stores contract copies, supplier Information and invoice copies

**OUR CUSTOMERS PURCHASE 2 TCF OF
NATURAL GAS ANNUALLY, EQUIVALENT
TO 12% OF ANNUAL US CONSUMPTION.**
